

Report to Etchingham Parish Council
Etchingham C E School

Thursday 17th January 2019

A return to school after the Christmas and New Year holiday can sometimes seem a bit flat. However, the new Learning Journey has ensured that nobody can possibly feel down in the dumps.

It is 'A Walk on the Wild Side'.

The children visited the woods and took part in our very own Forest School environment.

They took part in a Philosophy for Children session on a Rainforest theme and responded to music through movement and art.

Feedback from the children was wonderfully positive and they all love working in mixed-age groups.

The classrooms and corridor are alive with colour the colour and sounds of the rainforest.

Our children joined the Robertsbridge Cluster Team for an afternoon of SPORTSHALL indoor athletics.

I shall be attending a 'Meet the Headteacher' session and a 'Celebrating Success' afternoon in the next few weeks, when all the parents are invited to school to discuss topical items with the Head and to join their children looking at their achievements in their class books.

We are in the process of seeking a replacement for a new Executive Headteacher to replace Mrs Williams who will be retiring at the end of the Summer Term.

Annette Childs
Chair of Governors
