

Playground fundraising

Parish Council 20th June 2019

Not a great deal new to report at present, the total so far paid to the bank from online donations and Give as you Live (GAYL) is £870.01, there is a further £38 pending from Give as you Live.

Also, there has been £195 in cash and cheque donations, when the pending payments are received the total will be £1,203.

There are currently 18 people signed up for GAYL, although only eight of those have made online purchases that have generated donations, just those few contributors have created donations of over £50, at no extra cost to them, £35 of that has been raised by just two shoppers. £50 raised from just eight people shopping online, how much could be raised if 100+ people were using GAYL every time they spend money online. More people need to be encouraged to sign up to GAYL.

Over the next few weeks I will be giving GAYL and the donation page as much publicity as possible on the e-bulletin, the website and social media etc., to try and encourage more people to sign up for give as you Live to increase the donations from that source.
