

# **SPEEDWATCH REPORT**

*Parish Council 16<sup>th</sup> May 2019*

**During April we ran 20 sessions totalling approx. 14.5 hours, two further sessions were cancelled due to operators becoming unavailable.**

**The sessions recorded 128 vehicles from 3585 that passed during the sessions (4%), the fastest speed recorded was 54 mph, the average accuracy of the sessions was 89.7%.**

**One vehicle was shown not to have tax and/or MOT.**

**Two of the vehicles failed the DVLA check due to colour error, they were both vans so had probably been resprayed in company colours and DVLA not notified, a third was a school minibus listed as white but is green, so again resprayed and not notified.**

**So far this month we have carried out 12 sessions with 12 more planned, three sessions have been cancelled one of the sessions has recorded zero vehicles speeding during a half hour session from 289 passing vehicles.**

**All previous months Speedwatch activity summaries, and these reports, can be found in the Reports to meetings section of the Parish Council pages on the village website.**

Cllr. Colin Boylett, Speedwatch Co-ordinator
