Project EDWARD day: Project EDWARD is an initiative by TISPOL, the European Traffic Police Network, with the aim of trying to achieve a **European Day Without A Road Death**. During the 24hour period of one day in September each year, Police and other road safety organisations, across Europe, carry out as many high profile operations as possible. In Sussex The Road Policing Units (RPU) and other Police Officers carry out many speed and safety checks across the county, this is backed up by Speedwatch groups and other safety organisations in the county operating as many speed monitoring and safety sessions as possible.
