

Community Safety

Report to Etchingam Parish Council, 27th August 2020

I have been in touch with PCSO's Daryl Holter and Emma Phillips, nothing specific to Etchingam to report.

They do however ask that everyone is vigilant as there has been a rise in rural crime with thefts of quad bikes and farm machinery.

Also encourage people who see suspicious activity to report it straight away, do not wait until the next day, report to 101, if not urgent it can be reported by email to 101@sussex.pnn.police.uk, if you think a crime is taking place phone 999 straight away.

Also, gardens and sheds are also currently a target, as I know myself, I have an allotment at Hurst Green, on Thursday afternoon I took some timber to the allotments ready to repair the shed, when I went to start work on the repair mid-morning on Friday the timber had all gone, I am waiting to hear from other plot holders if they have lost anything.

Cllr. Colin Boylett, portfolio holder for community safety.
