

Item 10_8a ii – Funding via Grants – Public Convenience in Queen’s Gardens

Received this week :

Hello from the Funded Team,

This week, we have found some amazing fundraising opportunities for organisations who:

- Create fairer places to grow, live, work and age
- Support the specific needs of children and young people aged 21 and under who have come to, or settled in England via specific pathways from Ukraine, Hong Kong and Afghanistan
- Support delivery of effective arts-based teaching and learning opportunities in the primary classroom
- Work to make physical improvement to community facilities, such as village halls, public parks, sports facilities, historic buildings and structures

If any of the above funds are a good fit or you would like to find out about other funds, get in touch with us now by calling on **0203 191 6696** or book a no-obligation [chat with us](#). We also have an excellent team of grant fundraisers onboard with years of experience, who have written many compelling and successful applications for our clients at affordable prices.

4. Funding available for physical improvement to community facilities, such as village halls, public parks, sports facilities, historic buildings and structures.

Up to £20,000
(covers capital costs)
Deadline: Wednesday 29th November 2023

-ooOoo-

I have deleted options 1-3 as they do not apply to us and/or our project. This company points you in the direction of suitable grant giving organisations - £180.00 or does the applications after a bespoke search £580.00. Both of these options are far lower than we paid for something similar to source funding for the Community Halls (successful) and the Cricket/Football Field (unsuccessful – and subsequently postponed the project as the village voted against taking out a PWLB for the entire project.
