Key:

OP = Operators on the session – (CB) Colin Boylett, (JP) Joyce Phillips, (PB) Phil Bolton (VS) Vicky Sargent (JM) Julie McGregor

Note; Operator shown in **RED** indicates training.

Veh = the number of vehicles passing during session. VRec = speeding vehicles recorded. %sp = % of passing vehicles speeding.

Fast = Fastest speed recorded during session. %ac = % of details that matched those held at DVLA.

Sessions shaded red were cancelled.

Sessions shaded grey are sessions that did not record any speeding vehicles.

Sessions shaded yellow are sessions with 10% or over speeding vehicles

Sessions shaded black with white lettering indicates a session reduced in length – reason in comments.

Speeds of 45mph and over (+50%>) are highlighted in **BOLD RED**

Due to an IT failure affecting the system that processes the data from Speedwatch sessions we were instructed to cancel sessions for a short period until the fault was fixed, to avoid adding to the backlog of session results waiting to be processed.

- A** = One vehicle failed the DVLA Check – colour mismatch.
- B** = Session abandoned after 15 minutes due to heavy rain.
- C** = One vehicle recorded for the second time this year.
- D** = Session monitored eastbound only due to parked vehicles.
- E** = One vehicle recorded for the third time.
- F** = One vehicle recorded for the second time.
- G** = One vehicle failed the DVLA check as a colour mismatch (probably a keying error).

Records stay on the Operation Crackdown and Community Speedwatch records for 12 months and are then deleted. The Community Speedwatch system displays the details (without registration) of any vehicles recorded by the same group more than once in the previous 12 months, those details are included at the bottom of this summary each month.

- Oaks Close – Monitored in both directions.
- Club – Monitored in both directions.
- Village Sign – Monitored in both directions.
